Within a vast field of 727,000 , a pond centered garden lies exquisitely like a detached palace.

An outdoor bath, called "Uki-yu" stretches far across the wide pond, a modern design that truly gives you the feeling that you are floating on top of the water. Enjoy soaking in the hot water.

An indoor bath, called "Hiba-yu" is made from the Aomori Hinoki cypress tree, which makes up what has been called one of the three most beautiful forests in Japan, is used in abundance on the ceiling, walls, and in the bathtub. The smooth feel of the wood and its refreshing scent give you the feel of taking an outdoor forest bath.
